Dear Dr. Vanhoutte:

The Scientific Director and CTR's staff have discussed your request for partial support of the 5th International Symposium on Vasodilatation to be held in Strasbourg, France July 6-8, 1988. Before making a decision on conference support, we normally have a somewhat more detailed agenda describing the topics to be discussed and at least a partial list of speakers.

When that much information becomes available to you (we do not have to have a final program), we would be pleased to consider the matter again.

Sincerely,

Harmon C. McAllister
